

Project: Comenius – school partnership

LOOR - Living with our and other's Religions - Together in Diversity

[Number of the agreement: 2008-5712-COM- Partnership]

MEETING MINUTES for the 1st partners meeting

Kranj , 14th – 18th October 2008, Slovenia

Primary school Franceta Prešerna Kranj, Slovenia

The 1st Project meeting was organized in Franceta Prešerna Primary school in Kranj on 14th - 18 th October, 2008 Coordinators, principals and teachers from Austria, Germany, Lithuania, Poland, Sweden, Turkey and the United Kingdom joined their Slovenian friends and together they discussed the project work and explored some of beautiful Slovenia. With much help from all participants, especially the German team we had a very efficient and successful meeting. [Agenda](#)

At the beginning of the first day principal Aleš Žitnik presented our school and participants had the opportunity to get acquainted with the educational system in Slovenia: the way lessons are organized, the school system, etc... Then each partner made their own presentation of their school and work. We also discussed and planned future activities. We made lots of important decisions about what we expect from the project work and made a work plan for the year 2008-2009. Aleš Žitnik was present and explained the choice of logo for the project. All participants understood, were in agreement with his idea and confirmed the logo.

We decided that we will use two platforms, one for uploading documents, pictures, diagrams and movies and where pupils and teachers can work and communicate and a second project website where we put all important information: comparisons, results of questionnaires, diagrams, galleries, movies. In the evening we enjoyed dinner together in Dežman restaurant.

On the second day we had a seminar of 'Share Point'. A professional instructor of 'Share Point' informed us of the most important information so that we should be able upload the material to our web site. The participants themselves are able to decide what additional information

about the project they would like to present on the website. We also decided on the time limit for every step.

On the third day we reviewed the questionnaire and observation sheet, which were prepared by the German team. We all agreed that both were good and that we will use them. All thanks to the German team (Verena, Anita and Norbert). [Work plan](#)

In order to get to know Slovenia better, two guided tours were organized. First to Krvavec Slovenian ski centre and Ljubljana the capital of Slovenia and the second to Bled. All the participants could admire the beauty of Slovenian nature, a beautiful sun set in the mountains and time for a short walk in the city centre of Ljubljana. With immense natural beauty, Bled, together with its surroundings, ranks among the most beautiful alpine resorts, renowned for its mild, healing climate and thermal lake water. On the day we had bad luck and the weather was really rainy, but the beauty of Bled was the same.

On Friday we had the last meeting for a final evaluation. Our first Project meeting was evaluated as very successful, the goals of the meeting were achieved, we made lots of new friends and had a perfect opportunity to explore our and others' religions. The Slovenian team thanked all participants for their support and help realizing the meeting.

20.10.2008
